## **2.0 GRANT OF LICENSE**

2.1 OCS grants to Licensee and Licensee hereby accepts (a) one (1) non-exclusive, revocable, and non-transferable (except as specified in Section 3 hereof) Compiler, Formatter, Documentation and Executive License, or (b) the number of licenses for each as specified on the purchase order.

2.3 As set forth in Section 10 hereof, Licensee is not authorized to use any copies of the Executive Programs other than the copies provided by this Product License Agreement unless each such derived Executive Program is duly licensed under its own OCS Product License Agreement and paid for according to the terms of Section 10 hereof.

2.4 The license granted hereunder shall not authorize Licensee (a) to use the object code produced by the Compiler Programs for Application Software Programs that do not use the Executive Programs or do not target the Target  Computer defined above; (b) to copy or distribute any part of the Documentation, except as provided in Section (c)(1)(ii) of DoD FAR Supplement 252.227-7013 (APR 1988) where the Product is licensed for use by the U.S. Government.

The Compiler Product shall at all times remain the property of OCS or its Licensors in whole and in part and Licensee shall have no right, title or interest therein, except as provided in this Agreement.

3.4 Licensee acknowledges that the Product is copyrighted and licensed (not sold) by OCS, or one of its Licensors. Except as provided herein, and either for back-up or archival purposes, Licensee shall not copy, distribute, transmit, sell, transfer, or otherwise make available the Product to third parties.

3.5 Licensee may only make one copy of the Product either for back-up or archival purposes.

## **4.0 TERM AND TERMINATION**

4.1 The license is effective until terminated. Licensee may terminate the license at any time by giving written notice to OCS, effective as of the date of mailing of said notice. The license will also terminate if Licensee fails to comply with any material term or condition of this Agreement and fails to cure the same within thirty (30) days. Licensee agrees that within thirty (30) days after the termination of this Agreement, Licensee shall destroy or return to OCS the original Product and all copies of the Executive Programs in its possession and certify in writing to OCS, that through its best efforts, and to the best of its knowledge, the original Product and all copies of the Executive Programs in its possession have been returned or destroyed, except that Licensee may keep a copy of the Product in its archives. Termination of this agreement shall not terminate any sublicenses of Executive Programs already granted by Licensee in accordance with the terms of this agreement. Termination of this license for any reason shall not be the basis of a claim of reimbursement.

## **5.0 EXCLUSIVE WARRANTY**

5.1 OCS warrants that for a period of ninety (90) days from the date of shipment to Licensee, that the media of the Product (the Media) shall be free from defects in manufacture or material. Should the Media fail to be free from defects in manufacture or material during this ninety (90) day warranty period, Licensee's exclusive remedy shall be replacement of the Media by OCS at no additional charge upon Licensee's return of the defective Media to OCS with proof of shipment date.

5.2 OCS warrants that the Product performs substantially as described in the Documentation. Should the Product fail to perform substantially in such a manner, Licensee's exclusive remedy shall be replacement of the Product by OCS within the ninety (90) day warranty period.

5.3 The exclusive Warranties and remedies provided herein shall not apply to damages or deficiencies resulting from accident, disaster, modification, alteration, misuse, tampering, negligence, improper maintenance, or abuse by anyone other than OCS.

## **6.0 DISCLAIMER OF ALL OTHER WARRANTIES**

6.1 Products provided under this agreement may contain or be derived from portions of materials provided by a third party under license to Licensor. Except for the express warranty stated above, OCS and/or any said third parties disclaim all warranties, either express or implied, with respect to the use of such materials in connection with products including (without limitation) any IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. The stated express warranties and remedies provided for breach thereof are in lieu of all other liabilities or obligations of OCS and/or any said third parties (whether such liabilities or obligations would arise under this Agreement or otherwise by operation of law) for damages arising out of or in connection with the delivery, use or performance of the Compiler Product in the form delivered.

## **7.0 LIMITATION OF LIABILITY**

7.1 In no event shall OCS and/or any third party providers of materials under license to Licensor be liable under any legal theory for any damages, including, but not limited to, direct, indirect, special, incidental or consequential damages (including, but not limited to, lost profits or

anticipated savings) arising out of the use of or inability to use such Compiler Product, even if OCS and/or said third parties have been advised of the possibility of such damages.

7.2 Without limiting the effect of the above, OCS' and/or any said third parties' liability, if any, for damages (including, but not limited to liability arising out of contract, negligence, unintentional misrepresentation, strict liability in tort or warranty of any kind) shall not exceed the license fee paid for the Product.

## **8.0 GOVERNMENT AND GOVERNMENT CONTRACTOR LICENSEES**

8.1 If Licensee is any unit or agency of the United States Government, or a contractor which will or may supply the Compiler Product to any unit or agency of the United States Government, Licensee agrees that: (a) The Product is "Commercial Computer Software" as that term is defined in DoD FAR Supplement 252.227-7013 (a)(1), and in any corresponding DAR and ASPR clauses; (b) OCS represents to Licensee that the Product is developed at private expense, and no part of it was developed with government funds; (c) The government's use of the Product is subject to "Restricted Rights" as that term is defined in DoD FAR Supplement 252.227-7013 (c)(1)(ii); (d) OCS represents that the Product may be deemed a trade secret of OCS for all purposes including for the purpose of the Freedom Of Information Act; (e) Each copy of the Product supplied to the government or to another government contractor will also bear and/or have affixed near it the restricted rights legend.

## **9.0 FLEXIBLE LICENSING MECHANISM**

9.1 Certain Products provided by Licensor have been integrated with a flexible licensing mechanism ("iFor/LS"). If the Product licensed by Licensee contains iFor/LS, then Section 2.2 hereof shall not apply and Licensee may engage in the simultaneous use by more than one (1) user of the Compiler Product provided the appropriate number of iFor/LS "tokens" have been purchased by Licensee.

9.2 Products using the iFor/LS system may be installed on a network/token ring (or other such similar mechanism) and accessed through the use of node links; access by node links is limited to the number of "tokens" purchased by Licensee. Updates and/or upgrades to the Product must be installed on the same network/token ring (or other such similar mechanism) containing the Product to be updated and/or upgraded. The installation of an update and/or upgrade on a network/token ring (or other such similar mechanism) other than that which contains the Product shall render Licensee liable to Licensor for an amount equal to the list price of a Product containing the number of tokens that are contained in the update and/or upgrade.

9.3 Once the Licensee obtains updates and/or upgrades to the Product, the Licensee must discard, destroy or no longer utilize those tokens for which updates and/or upgrades were provided.

## **10.0 PROJECT LICENSE**

10.1 Licensee may also purchase a Project License for the Product. A Project License is priced according to the anticipated number of users of the Product by the Licensee. This number shall be stated on the Purchase order issued by Licensee along with the name of the Project using the Product.

10.2 A Project License permits unlimited use of the Product by Licensee and subcontractors for the duration of the Project, provided that the actual number of users rarely exceeds the anticipated number of users. In the case where the actual number of users exceeds the anticipated number of users, Licensee and Licensor will enter into good faith negotiations to determine an appropriate remuneration to Licensor.

10.3 Yearly (usually upon renewal of maintenance), Licensor shall request, and Licensee shall remit, a letter statement to Licensor stating the number of anticipated users for the coming year.

10.4 A Project License does not permit use of the Product for Projects other than that specified in the Purchase Order.

## **11.0 PAYMENTS**

11.1 The basic non-refundable fee paid by Licensee covers one (1) set of Media (containing the Product), one (1) Product License, and one (1) set of  Documentation. If Licensee uses additional Executive Licenses, then Licensee shall pay OCS an additional fee per Executive License used. This additional fee shall be remitted to OCS no later than December 31st of each calendar year during the term of the License and shall be based on the lower of OCS's standard price list in effect at the time of payment or at the time of purchase. Licensee agrees to pay all amounts due hereunder, including, but not limited to, Licensor's costs and expenses of collection, including the maximum attorney's fees permitted by law, said fee shall not exceed 25% of the amount due.

## **12.0 INDEMNIFICATION FOR PATENT AND COPYRIGHT INFRINGEMENT**

12.1 OCS shall defend Licensee against suits arising from any valid claim that the Product in the form delivered infringes or violates any patent, copyright, or trademark registered by a third party in the United States of America, Canada, or any member of the European Economic Community, or any member of the European Free Trade Association. Licensor shall have no liability for any above mentioned claim based upon the use of other than the current, unaltered version of the Product available from Licensor if such infringement would have been avoided by the use of a current unaltered version of the Product.

## **13.0 EXPORT REGULATIONS**

13.1 Licensee acknowledges that certain Government Export Regulations prohibit, except under a special validated license, the exportation of technical data relating to certain commodities unless the exporter has received certain written assurances from the foreign importer. Licensee hereby agrees with and gives its assurance to Licensor that  Licensee will not knowingly, unless prior authorization as may be required from any relevant governmental agency is obtained, re-export, directly or indirectly, any technical data, or direct by-product thereof, received from Licensor under this Agreement and will not export directly the Licensed Programs, or any products incorporating the Licensed Programs to any country restricted under any governmental regulation. Licensor makes no representations that a license is not required or that, if required, it will be issued by any requisite governmental agency.

## **14.0 GENERAL**

14.1 This Agreement will be governed by the laws of the Commonwealth of Virginia. If any term, provision, or portions thereof, of this Agreement shall be found to be illegal or unenforceable, then, notwithstanding, the remaining provisions of this Agreement shall remain in full force and effect and such term or provision shall be deemed stricken. Furthermore, failure of Licensor to enforce any term, provision, or portions thereof, of this Agreement shall not void the remainder of this Agreement.

14.2 Any notices to Licensor or other communications required or permitted hereunder shall be sufficiently given when delivered by hand and acknowledged thereof, or sent by certified mail, postage prepaid, addressed as follows: OC Systems Inc., 9990 Lee Highway, Suite 270, Fairfax, VA, ATTN: Contracts.

14.3 Licensee acknowledges that it has read this Agreement, understands it, and agrees to be bound by its terms and conditions. 14.4 No modification, addition to or waiver of any right, obligation or default under this Agreement shall be effective unless in writing and signed by both parties.

14.5 This Agreement shall be binding upon and inure to the benefit of the parties hereto and the successors to substantially the entire business and assets of the respective parties hereto. Licensee shall not otherwise assign this  Agreement without the prior written consent of OCS. OCS shall not unreasonably withhold such consent.

14.6 Licensee acknowledges that the provisions of Sections 3, 4, 5, 6, 7, 8, 10, 12, and 13, survive the expiration or prior termination of this Agreement.

14.7 Licensee is responsible for payment of any taxes, including personal property taxes, resulting from this license.
